Step-by-Step Crafting Process

- Planning and Pattern Selection

Choosing a character?be it a jovial farmer, a fiddler, or a grumpy miller?is the first step. Users can select from the provided templates or draw their own, allowing for personalization.

- Rough Shaping

Using larger gouges and knives, carve the basic shape from the wood block, focusing on proportions and posture. This stage is about establishing the overall form.

- Refining Features

Switch to smaller tools to carve facial features?eyes, nose, mouth?and clothing details. Emphasis is placed on exaggeration to bring personality to each figure.

- Detailing and Texturing

Adding textures like hair, beard, or clothing folds enhances realism and character. Sandpaper and

fine tools are employed here.

- Smoothing and Finishing

Final smoothing with fine-grit sandpaper prepares the piece for finishing touches, such as staining or sealing, if desired.
