This holistic approach positioned him as a pioneering figure in the field, especially concerning the concept of "Star People."

Understanding the "Star People"

Definition and Origins

The term "Star People" refers to beings believed to originate from other star systems or cosmic realms who have interacted with Earth and humanity throughout history. These entities are often described as advanced, wise, and sometimes as guiding or protector figures. The concept has roots in various indigenous traditions, ancient texts, and modern UFO lore.

Steiger popularized the term through his writings, emphasizing that "Star People" are not merely extraterrestrial visitors but may also include interdimensional beings, ascended masters, or ancient cosmic intelligences. Their appearances are often linked to legends of gods, angels, or mythic heroes, suggesting a deep historical connection between humans and these cosmic entities.

Characteristics of the "Star People"

According to Steiger and others in the field, the typical attributes of Star People include:

- High intelligence and advanced technology
- Interest in human evolution and spiritual development
- Appearance often described as luminous, radiant, or possessing a shimmering aura
- Ability to communicate telepathically or through other non-verbal means
- Presence in various historical and contemporary sightings, abductions, and encounters

Historical and Cultural Perspectives on the Star People

Ancient Civilizations and Mythology

Many ancient cultures have stories that resonate with the idea of Star People, including:

- **Sumerians and the Anunnaki:** Ancient Sumerian texts describe deities known as Anunnaki, often linked to celestial origins and advanced knowledge.
- **The Dogon Tribe:** The Dogon people of Mali possess detailed knowledge of the Sirius star

system, which they claim was imparted by visitors from the stars.

- **Ancient Egyptian Legends:** Depictions of gods descending from the sky and star-related symbolism suggest extraterrestrial influences.

- **Mayans and Aztecs:** Astronomical alignments and mythic stories hint at a connection to cosmic travelers.

Steiger argued that these stories are not mere myths but encoded memories of encounters with actual Star People who influenced early human civilization.

Modern Encounters and Reports

Messengers of a New Age

Steiger and other researchers suggest that the Star People are preparing humanity for a significant

shift? a "New Age" of peace, unity, and cosmic consciousness. This perspective frames encounters not as isolated incidents but as part of a larger cosmic plan.

Interdimensional Beings and Consciousness

Steiger's exploration extended into the idea that Star People may be interdimensional entities, capable of traversing different planes of existence. These beings might not be strictly physical but could exist across multiple dimensions, making their appearances and disappearances difficult to explain through conventional physics.

The idea of the Star People posits that extraterrestrial entities have influenced human development, spirituality, and culture. Steiger suggests that these beings might not only be visitors from distant worlds but also ancestral spirits or multidimensional entities embedded in human history. His work seeks to bridge the gap between science, spirituality, and ancient mythology, proposing that the Star People are integral to understanding human origins and destiny.

Historical and Cultural Foundations

Ancient Civilizations and the Evidence of Star People

One of Steiger's key arguments is that ancient civilizations around the world contain evidence of encounters with extraterrestrial beings. From the pyramids of Egypt to the Nazca Lines in Peru, Steiger interprets various archaeological artifacts and mythologies as records of star visitors.

Features and Highlights:
