Title: The Last Signal

In a distant future, humanity had spread across the galaxy, establishing colonies on countless planets. Despite technological marvels, a mysterious silence persisted—a signal that had been transmitting from an unknown source for over a century. Dr. Lena Morales, a renowned astrophysicist, dedicated her life to decoding this enigma.

One day, her team detected a faint pattern within the static—a recurring sequence of pulses. As she analyzed the data, Lena realized the pattern resembled a form of communication, possibly from an intelligent civilization. Excited yet cautious, she coordinated with international scientists to send a response.

Weeks passed. Then, unexpectedly, the static transformed into a clear message: "We are here." The message sparked hope but also fear. Who were they? What did they want? As Lena's team prepared for further contact, the signal abruptly ceased. Humanity was left with more questions than answers—an enduring mystery from the cosmos.

This story illustrates themes of curiosity, communication beyond Earth, and the unknown perils and potentials of first contact with extraterrestrial intelligence.

- How does the protagonist feel about the robot at the beginning and end?

Inferential:

- What do you think motivates the robot's actions towards the human characters?
- Why might the author have chosen a robot as a central character?

Analytical:

- How does the story explore themes of trust and autonomy?
- In what ways does the story challenge the idea that technology is purely beneficial?

Opinion-Based:

- Do you believe the robot's actions were justified? Why or why not?
- How would you feel if a robot in your life exhibited similar behavior?

Creative:

- If you could design a robot like the one in the story, what features would you include?
- Write an alternative ending where the robot makes a different choice.

Implementing Comprehension Questions in Educational Settings

To maximize their effectiveness, educators should consider:

- Pre-reading questions: Activate prior knowledge and set purposes for reading.
