Initially, it served as a chamber music genre that paired a solo violin with continuo accompaniment, often played by harpsichord or cello. Over the centuries, the form evolved significantly, becoming more complex and expressive.

By the Classical era, composers like Joseph Haydn and Wolfgang Amadeus Mozart expanded the violin sonata into a more structured and multi-movement work, typically comprising three or four movements with contrasting tempos and characters. The Romantic period further elevated the genre, adding emotional depth, technical demands, and expressive nuances, as seen in the works of Beethoven, Brahms, and Franck.

Development into Complete Sonatas

A "complete violin sonata" refers to a full multi-movement work that encapsulates the composer's vision for the instrument and piano combination. Unlike shorter, fragmentary pieces, complete sonatas provide a cohesive musical journey, often spanning 15-25 minutes or more, with carefully crafted thematic development and resolution.
