Underground ghosts are believed to be spirits or apparitions that dwell beneath the surface of the Earth, often in tunnels, caves, abandoned mines, or subterranean structures. Unlike traditional ghosts, which are typically associated with haunted houses or graveyards, underground ghosts are thought to inhabit hidden, less accessible spaces, making them particularly elusive and mysterious.

These entities are often described as shadowy figures, luminous orbs, or faint whispers heard echoing through underground corridors. Many legends suggest that these spirits are the remnants of miners, explorers, or ancient civilizations that once inhabited these subterranean realms.

The Origins of the Legend

The legend of underground ghosts dates back centuries, with stories originating from various cultures worldwide. For example:
